

Naval Station Treasure Island

EPA RPM:	David Stensby	(415) 972-3246	stensby.david@epa.gov
State RPMs:	Remedios Sunga	(510) 540-3840	rsunga@dtsc.ca.gov
	Myriam Zech	(510) 622-5684	myriam.zech@waterboards.ca.gov
DoD BEC:	Keith Forman	(619) 532-0913	keith.s.forman@navy.mil

I. Significant Issues:**a. Congressional –**

There were no specific congressional inquiries to EPA for environmental investigations at Naval Station Treasure Island during this period.

b. High-Profile Items:

High Profile Items: There were continuing media reports about newly discovered potential radiological contamination. The Navy has responded with more public outreach. The Navy has continued to conduct more radiological surveys that detected slightly elevated readings in public areas. Over the summer, the Navy completed a house-by-house radiological assessment on selected residential areas. Additionally, the Navy is completing a base-wide radiological assessment. EPA will continue to closely monitor the situation and respond as needed.

c. Delays in Environmental Restoration Actions:

None at this time – the Navy will prioritize cleanup to facilitate transfer of some parcels.

II. Issues Impacting Transfer:

None at this time.

III. Staffing/Funding Issues:

None at this time.

IV. MOU Support Update:

The EPA RPM participates in BRAC Closure Team meetings and reviews documents on a selected basis, focusing on radiological-related reports. EPA continues to support the Navy's efforts to cleanup and transfer the property. EPA continues to respond to public and media inquiries.
